Dear East Coast alumni,

We are pleased to invite you to a reunion of LSRF alumni that will take place at the Whitehead Institute all day October 1, 2009. LSRF alumni, some 380 strong, are a remarkably broad group of outstanding professionals. Miyoung Chun, an alumna who is Vice President of Science Programs for the Kavli Foundation, came to us with the idea that a reunion of LSRF alumni will rekindle old and foster new acquaintances among this amazing group. Four alumni, David Lee, Lauren Silverman, Claire Moore, and Maria Kukuruzinska volunteered to organize an East Coast reunion. They have generated an exciting agenda of lectures by LSRF alumni coupled with lots of free time for informal interactions. In addition the agenda allocates a small amount of time to pick your brain on how alumni can help LSRF support new fellows, and how LSRF can act as a conduit between alumni to help enrich your lives and your careers. We hope you will join us.

Best regards,

Don and Doug

ENCL.
